RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

Quite frankly I am shocked that this is even being considered by the Northern Beaches Council. I strongly oppose this application. I have three young children under the age of 6 who frequent Abbott Road several times a week for school and recreational purposes. There are numerous studies linking proximity to mobile phone towers to serious health issues including cancer - not to mention plonking an eyesore in a children's playground. To approve this application is to put profit over local residents health and wellbeing.
