

Northern Beaches Council
1 Park Street
Mona Vale NSW 2103

3rd December 2019

Mod 2019/0547— 22 Jubilee Avenue Warriewood

I STRONGLY OBJECT to this new modification that council has recommended during a Trial Period.

How can you overrule a trial period which you enforce?

Since this market started 3 months ago, I have had nothing but problems. The noise of the customers with banging of car doors, chatting and blocking my driveway. Surrounding the whole of my property with cars. There is not one Sunday where my driveway is not blocked by the market customers. I have tried to report this problem to the market people, but they seem to just ignore my complaints. Who does one complain to.

As I have told you I am in the building industry and work 6 days a week 12 hours a day. Sunday is only my day off, a day of rest. These markets have created great problems for me and now you want them to start an hour earlier. Have any of you driven down Jubilee Avenue when the trucks start coming in honking, blocking all the streets. That means I will be woken up at 5.00 am on a Sunday. How can you recommend such a thing so close to residents. I have told you in my previous submission this market should not be in a parking lot. WITH LACK OF PARKING. Markets should be away from any residents. This market is surrounded by residents. Tell the market manager to find a more suitable place AWAY FROM RESIDENTS.

These markets have completely ruined our neighbourhood and we have no more peaceful Sundays. REJECT THIS UNFAIR AMENDED PROPOSAL. These markets should have never been allowed.
