RE: DA2020/1235 - 888 Pittwater Road DEE WHY NSW 2099

Opposing the application.

Dear Assessing Officer,

As a resident of the Lighthouse complex, I would like to make a submission against the proposal for a car wash development.

There is already a car wash facility in Brookvale and Dee Why (run by the RSL) which is more than enough for the area.

There is a manual provision for the residents of the building to wash their own cars also.

The position of the car wash would cause congestion for residents looking to leave and enter the complex and the benefit to residents is unclear.

Regards

Casey Aimer
