RE: DA2019/1426 - 77 Collingwood Street MANLY NSW 2095

The opening of the Corner has brought new life to Queenscliff, and is an important meeting point in the area. The coffee window is a great opportunity to catch a quick coffee on the way to the beach, to work, or to patrol. It is an important service to the area.

We, and all the people we know, would be very sorry to see the window serving go. It would likely also impact the ability for the owner to run a sustainable business.
