RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

Hi there

I've just been made aware of the application for a local market at the Curl Curl bowling club - what a fantastic idea!!! This submission has my full support. Since the Frenchs Forest market has closed down and moved, I am at a loss for local fresh produce. I don't like the new Mona Vale site, it is not as accessible as the previous site. I think this is a really exciting opportunity for the area and the club, a use of the space on a quiet day for them. I would like to support this club in any opportunity for it to stay profitable. I think it was an extreme shame and waste that the North Manly bowling club closed. I think these centres need to be supported by the community, and the idea of a local produce market is ideal in all ways! I look forward to hearing how the submission goes! Kind regards, Kylee Hooker
