

## Building Assessment Referral Response

<b>Application Number:</b>	Mod2015/0152
<b>To:</b>	Luke Perry
<b>Land to be developed (Address):</b>	Lot 12 DP 1197725 , 80 Evans Street FRESHWATER NSW 2096

### Reasons for referral

This application seeks consent for Class 2-9 Buildings (i.e. all buildings except a dwelling, garage, shed, gazebo or swimming pool/spa) which include:

- Alterations and Additions; or
- Change of Use

And as such, Councils Building Assessment officers are required to consider the likely impacts.

### Officer comments

No objection subject to conditions

### Recommended Building Assessment Conditions

#### **CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE**

#### **Building work to comply with Building Code of Australia**

The proposed work is to comply with Building Code of Australia and where required be addressed by an alternative solution, submitted as a report to the certifying authority, demonstrating how the relevant performance requirements can be satisfied prior to the issue of the Construction Certificate.

The fire upgrading measures and works to upgrade the building as detailed and recommended in the Fire Safety and Building Code of Australia Audit Report prepared by Steve Watson & Partners dated 17 June 2015, reference number 2013/1528, are to be implemented except where modified by a suitably qualified and Accredited Certifier.

Details demonstrating implementation are to be submitted to the Principal Certifying Authority prior to the issue of the Interim / Final Occupation Certificate.

Reason: To ensure adequate provision is made for fire safety in the premises for building occupant safety. (DACBCF01)

#### **Fire Safety Matters**

At the completion of all works, a Fire Safety Certificate will need to be prepared which references all the Essential Fire Safety Measures applicable and the relative standards of Performance (as per Schedule of Fire Safety Measures). This certificate must be prominently displayed in the building and copies must be sent to Council and Fire and Rescue NSW.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Interim / Final Occupation Certificate.

Each year the Owners must send to the Council and Fire and Rescue NSW, an annual Fire Safety Statement which confirms that all the Essential Fire Safety Measures continue to perform to the original design standard.

Reason: Statutory requirement under Part 9 Division 4 & 5 of the Environmental Planning and Assessment Regulation 2000. (DACPLF07)
