**RE: DA2021/2587 - 14 Trevor Road NEWPORT NSW 2106**

i have no problem with the development proposed for 14 Trevor Road Newport - DA2021/2587 as such. . However I would request Council to ensure minimal congestion of the street for residents. Development lots further down the street have resulted in numerous trucks and vans parked all day all week impeding the flow of traffic and impeding the access of residents to and from their property. Also the delivery and storage of materials for use should be carefully organised so as to prevent mess on the road and sidewalk. Thank you for the opportunity to express my concerns.
