Dear Clare,

I own the house at 5 Waratah rd Palm Beach , immediately south west of the proposed alterations and additions to the existing dwelling no 3 Waratah Road, Palm Beach.
DA2023/1548

I have concerns regarding the height and bulk of the proposal which would impact both the amenity at my rear garden and in particular the main East , South / East views form the bedrooms and living rooms.

I have engaged Boston Blythe Fleming planners and they will be submitting a more detailed report in due course.

Best Regards

Jorge
