**RE: DA2019/0200 - 130 Old Pittwater Road BROOKVALE NSW 2100**

I strongly oppose this development. Allenby Park Reserve is a precious strip of bushland, critical to the character of the eastern edge of Allambie. This development will isolate the southern patch of land, blocking the safe transit of native animals. Should this be approved, we must expect that other developers will be encouraged and this council will allow further erosion of this magnificent natural heritage, which would be an unforgivable obscenity.
