RE: DA2021/1805 - 4 Alexander Street COLLAROY NSW 2097

I refer to the application made for development (DA 2021/1805) and would like to register my support. The proposed development will be good for the area offering shared living for over 55's. This will bring additional investment from the new residents to the area. The low rise design of the building is visually appealing and an improvement on surrounding apartment blocks in the area.
