Dear Sir/Madam

**Re: IDAS-2022-10197 - Controlled Activity Approval Not Required**  
**Dev Ref: DA2021/1359**  
**Description: Demolition works and construction of a shed and other works**  
**Location: Lot 1831 DP 812302 11 Addison Road INGLESIDE 2101**

The Department of Planning and Environment—Water has reviewed documents for the above development application and considers that, for the purposes of the Water Management Act 2000 (WM Act), a controlled activity approval is not required for the proposed works and no further assessment by this agency is necessary.

Controlled Activity Not Required

The proposed works are not located on waterfront land as defined by the WM Act - The mapped drainage line within proximity to the proposed works is not considered to be waterfront land as it does not exhibit bed, banks and/or fluvial geomorphic features.

If you have any questions regarding this correspondence, please use NRAR Assist to obtain further information or make an enquiry:
