Subject: DA2020/1600 - Submission

Development Application No. DA2020/1600
Address Lot 37 DP 222903 12 Yarrabin Street, Belrose
Description Alterations and additions to a dwelling house

Good Morning

I am writing in regards to the abovementioned Development Application. There is a concern over the two upper rear windows (W10 and W11 on the plans) and the impact these two windows will have on the privacy of our open space and living areas.

We would appreciate consideration to our concern and propose some alternative options to the current plans of windows W10 and W11:

- Fitting windows with obscure glass
- Raising sill heights of windows - similar to what was agreed on the rear windows of the adjoining property (14 Yarrabin St)
- Fitting fixed external screens

If further discussion is necessary, please do not hesitate to contact me.

Kind Regards
Kate Graham
