Hi,

Could you please forward this through to Phil Lane for DA2020/1097

I've noticed over the last few weeks that people playing sports have started parking on Passmore Reserve. They are parking on the grass, near the pedestrian crossing. I guess they couldn't find parking on the street and felt it was ok to park wherever they wanted to.

I took these photos on Wednesday 17/2/21 at 7pm.

Thanks,
Danielle
