**RE: Mod2020/0175 - 22 Jubilee Avenue WARRIEWOOD NSW 2102**

Firstly, I would like to point out that our apartment is directly opposite the Foley St entrance to the carpark and it is the build up of cars waiting to enter that causes through traffic to become impatient and then the horn blowing starts. Before Covid19 the market traffic on Sunday morning was constantly heavy.

Secondly, I would also like to point out that in the Noise Emission Compliance Report from RSA it states that although exceedance of noise level does occur it is only during the initial arrival and set up between 7-7:30 am and ONLY 1 day a week which just happens to be SUNDAY our only quiet day at 7 am. The report goes on to say control management should be adhered to but unfortunately that is not always the case.

My husband and I are against extending the opening hours. If trading begins at 8 am it will be inevitable that a request will follow to start setting up at 6:30 am.
