To whom it may concern,

As a frequent customer of Hugos Manly, I am writing in support of their Development Application to have additional outdoor seating.

Hugo's is a fantastic establishment and is run so professionally and is a great asset to manly. With additional seating for 68 seats this will allow Hugos to accommodate more locals and visitors to enjoy their great venue.

We have experienced the outdoor seating on many occasions and to have more seats with allow them to be able to offer more people with the outdoor experience.

Kind Regards
