RE: DA2024/0375 - Abbott Road NORTH CURL CURL NSW 2099

I am very supportive of additional hours being available to the cafe early in the morning to help make the cafe sustainable and a valuable facility for the community. A place where people gather to meet friends and family.

Additionally revenues from the cafe assist the functioning of the South Curl Curl Lifesaving Club of which I am a member. These revenues are essential to the valuable operation of the club which saves and protects all members of our community.
