RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107

Construction of such a structure will take away from the aesthetic of Avalon. The destruction of more trees is further jeopardising and restricting the dwindling natural ecological corridors for our native fauna, which are already compromised. Setting the precedent for this type of construction will result in Avalon looking like every other overbuilt, congested, cluttered and soulless Sydney suburb that we are so lucky up to now to have protected ourselves from. I hope the temptation for revenue recognition for the council does not lay a pathway to the ruination of one of the last beautiful bastions of Sydney's beautiful suburbs.
