RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

Dear Assessing officer, I am a nearby resident to this possible development and I wholeheartedly object. There a lot of residential streets surrounding this site and the noise pollution will be severe. The pollution in the air also a significant concern, especially for those with young children like myself and those with respiratory illnesses. The traffic in this area is extremely congested and this will make the situation infinitely worse.

Please can you make note of my objection to this proposal.

Yours sincerely
Desiree Richold
