Application No: DA2020/1758
Address: Lot B DP 369977 11 Lewis Street, Balgowlah Heights
Proposal: Demolition works and construction of centrebased child care facilities

I wish to make an objection to the above proposed development on account of the extra traffic in our already congested area. We live in 75 Ernest Street which is effected by the use of this section of the street for parked cars associated with Balgowlah Heights Primary School and children walking to school.

The noise from the school is minimal for us now, however it is bound to escalate if this child care centre materialises.
