RE: DA2022/0456 - 62 Myoora Road TERREY HILLS NSW 2084

This development is bad for our local community. There are a lot of issues with the plans. The main concern will be the Heavy Delivery Trucks coming to the site, these would have come via 2 roads that are not designed to handle those type of vehicles & it would be right near a major school putting risk to children.

This development would also threaten to end some family business that have been in the area for 30+ years.

I strongly urge you not to allow this development
