RE: PEX2021/0001 - 161 Darley Street West MONA VALE NSW 2103

Hello Toby,

I object to 41 more residences on this site and the extra population in the street . I object to change in zoning of low density to medium high. I object to additional pressure on traffic and parking in this street. People working in Mona Vale park in this street all day making it a single lane street throughout the day. Near misses with accidents happen very regularly. Access to Pittwater Road is already very challenged. I object to the limited time given to raise objections.
