RE: DA2024/1091 - 5 / 1 Careel Head Road AVALON BEACH NSW 2107

The proposed development T Careel Head road is inappropriate. The location for a child care facility with the added traffic that brings to a busy intersection is reckless. The addition of a Dan Murpheys at that location is also not needed. Our local communities want to support local people and local businesses. Planning an eyesore of a building Mars the laid back feel of the Northern Beaches which is why tourists like to visit. Why do we want to create something that is so modern and urban ...like anywhere Australia. Council definitely needs to consider the impact of demolishing several local favorite eateries in favor of one large corporate entity that already exists in several easy to reach locations.
