Officer comments

The proposed development involves the subdivision of one (1) lot in to two (2). The existing dwelling is proposed to remain on proposed Lot 1. Access to Lot 2 will be provided via a right of carriageway. The application does not propose construction or demolition works.

Submitted survey information indicates that proposed Lot 2 can drain to the street by gravity.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
