**RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103**

hello there, when something positive and beneficial is being developed into something that is solid, legitimate, correct and to be manageable effectively and efficiently in a community where it unites and bonds people working together in a communal way, there is always someone or people or something that has negative ambience within themselves that want to cause disruption and destruction only because they are jealous that they cannot do something for themselves to improve society, quality family life and connectivity within a community and bringing communities together all in the name of happiness, pleasure, fulfilment, joy, peace and harmony. As long as harm to nature is avoided at all cost and signage control and information signage is clear, concise and monitored with clear supervision, there would be no distress in this DA going forward. The council has an obligation too part of this DA which it can develop timeframes with signage and community information posted around the area and in newsletters and everywhere that in specific hours PEOPLE CAN PARK their vehicles without penalty so there is peace during the operation hours of the market. Apply a limited of say 2 hours which gives people time to do their market shopping of organic food, it needs to be a friendly and happy cycle of taking turns. If the market opens very early and finishes very late then there is time for everyone to buy their food needs. I know Mona Vale very well and all the surrounding areas. Negative and disruptive people need to be trained to live in harmony and peace with the rest of the people who work so hard in creating FAMILY ACTIVITIES and UNITING ACTIVITIES. They should also think about the work it creates for people who don't have any work to earn money for survival that they can earn some money to at least pay their bills. I support the DA with attention given to nature everything should go well and grow up. Best of luck to the DA submitters. Currently I am in Buenos Aires via whatsapp +54 011 22577244 FREE CALL.
