RE: DA2020/1167 - 9 Francis Street DEE WHY NSW 2099

As Treasurer for New Life Baptist Church I am strongly in support of this application and very proud of all the efforts of the members of the church and their advisors for the efforts to get the project to this stage.

I strongly believe this building will be a blessing to both New Life Baptist Church, the patients and participants who use the facilities and also the Dee Why and Northern Beaches communities. I believe that the heart of the church is after the building loans are repaid to support projects as prayerfully considered including those of the community.

I believe that the facility will be well-maintained so as to continue to be an asset to the community.

I believe the existing project control group including ministry and advisory partners to be all capable persons in support of the heart of this great building and its benefit to the church and community.

I am willing to be contacted via email or phone if required.
