RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093

I object to this proposal. The area is very quiet, we do not need additional noise from large boats mooring in the area. The parking is very limited. It is currently very peaceful, with many native birds and even wallabies enjoying the area. We often see ducks and pelicans swimming in the water near the NHR and surrounding water - allowing larger boats will scare away the water birds. Enlarging the marina will upset wildlife and disturb the peaceful atmosphere which locals currently enjoy. Furthermore additional traffic in the area is not wanted there is already enough noisy cars speeding down new st, please do not encourage more visitors to the are.
