**Subject:** Application No. DA2023/0614 - 61 Darley Street Mona Vale - concerns

Good afternoon,

We would like to express our concern about the development at 61 Darley Street Mona Vale across the road from our facility.

At Ann Wilson Funerals on the corner of Barrenjoey Road and Darley Street Mona Vale, we host over 60 Funerals, Memorials, and Viewings of deceased in our care each month.

Our Chapel doors face the proposed new development, and we have legitimate concerns about the noise, construction and dust that will no doubt impact hundreds of grieving families during its construction.

Our facility is a place of deep reflection and calm remembrance for those who have passed. A quiet place often filled with eulogies, prayer, and song. A sombre and peaceful time for families to farewell their loved one.

Whilst we are not opposed to development, the magnitude of the build and nature of the demolition will greatly disturb our grieving families, dramatically affect our business, and turn families away whilst in progress. During such a sensitive time for our community and families, we urge you to consider the impact on all concerned.

Warm Regards,

**Mandi Sara JP**

Location Manager & Funeral Director
