RE: DA2022/1586 - 9 Kananook Avenue BAYVIEW NSW 2104

To whom it may concern,

Could you possibly confirm the storm water plan in more detail for this application please? It says 'connect to existing'. Could you please confirm if 'existing' means that storm water from this property discharges onto Kananook Avenue or if, like some of the neighbouring properties, the storm water discharges onto our private driveway which is shared by 2009, 2011 and 2013 Pittwater Road. Our storm water system already has to cope with three properties, plus run off from the properties behind us, so we urgently need to reduce any trespass water from neighbours on Kananook Avenue as the storm water drain simply can not cope. If it is found that storm water from 9 Kananook Avenue currently discharges onto our private property, I would like to formally request this be addressed and corrected as part of this application, as storm water shouldn't be discharging onto private property. A confirmation on this matter would be much appreciated. Thank you. With best wishes, Marie Slocombe
