RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

My kids frequent this park and also play soccer on these fields. The danger of installing a telecommunications tower and likely one that will produce 5G is harmful to my kids and those that frequent the park. There is a school close by and the amount of sports played on these fields would only expose people to the dangers associated.
