RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

Hello

I oppose to this development as I did some time ago. The height of the building is far greater than anything we have in the local area. The addition of 51 dwelling will create a massive increase in traffic along Lockwood Pde and Glen St. We have small children who ride bikes around this area to the newly refurbished Lionel Watts.

I've lived in this area my whole life, growing up in Belrose, and looking to include a change of dwelling type (units) does not suit this area.

I urge for this development to be denied
