Officer comments

Waste Management Assessment - amended plans (submitted 2/4/2024)

Supported - subject to conditions

Waste Management Assessment

Unsupported.

Specifically:

There is no area dedicated for the storage of garbage and recycling bins on the plans.

The words "bin area" appears at several different locations on the plans. It is unclear what this actually means as the words are in different locations on different plans (e.g. in the middle of the driveway).

A dedicated bin storage area must be provided and clearly shown on the plans along with demonstrated access for a HR truck to the bin storage area.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
