RE: DA2022/0469 - 1102 Barrenjoey Road PALM BEACH NSW 2108

Far too big. Needs to be same height or less than Barrenjoey house. Materials used need to be fitting in with the current look and feel of the area. More of a beach style. Better look than before but still not what the area needs or wants. Places like Palm Beach need to be protected to remain the quaint little village that it is. Greed and money should be tamed where possible to keep the area for the generations to come. It's loved for a reason.
