

Waste Referral Response

Application Number:	DA2020/1167
Date:	29/04/2021
To:	Lashta Haidari
Land to be developed (Address):	Part Lot 28 DP 7413 , 9 Francis Street DEE WHY NSW 2099 Part Lot 28 DP 7413 , 28 Fisher Road DEE WHY NSW 2099 Part Lot 28 DP 7413 , 28 Fisher Road DEE WHY NSW 2099

Reasons for referral

This application seeks consent for the following:

- new residential works with three or more dwellings. (RFB's, townhouses, seniors living, guesthouses, etc). or
- mixed use developments containing three or more residential dwellings. or
- new subdivisions of three or more lots. (Private road and public road subdivisions) or

And as such, Councils Waste Management Officers are required to consider the likely impacts on drainage regimes.

Officer comments

Waste Management Assessment - amended plans for waste rooms - 29/4/2021

Recommendation - Approval subject to conditions.

Separate bin storage rooms have now been provided for the residential bins, cafe bins and church bins. Council will provide a waste collection service for the residential bins from the kerbside on Francis Street.

Bins will be wheeled from the bin room to the truck, emptied, and then returned to the bin room by Council's waste collection contractor.

Ray Creer

Waste Services Officer

Waste Management Assessment - amended plans.

Recommendation - Refusal.

The proposal is unacceptable for two reasons.

Specifically.

1) The amended plans appear to show a 1:4 ramp inside the binroom immediately inside the service access door. Can this please be clarified?

The height difference between inside the binroom and the bottom of the ramp outside the binroom appears to be small - 150mm.

Maximum permitted ramp gradient is 1:8.

All other aspects of the residential binroom (size, location, distance from street) are compliant with Council requirements.

The bulky goods room is acceptable to Council.

2) There is no dedicated bin storage room for the cafe and church.

Waste from these activities must be kept separate from the residential waste.

Happy to talk with the applicant regarding these issues.

Ray Creer

Waste Services Officer

Waste Management Assessment

Recommendation - Refusal.

The proposal is unacceptable.

Specifically.

Council requires that the development be able to accommodate a medium rigid vehicle waste collection vehicle a minimum of 7.7 metres long.

1) The applicant is to demonstrate that this size vehicle can safely negotiate a three point turn within the basement.

2) The parking bay for the waste collection vehicle must be able to accommodate this size vehicle including a minimum of 2 metres at the rear of the vehicle for lifting the bins.

Access to the basement for bin servicing must be unimpeded by security doors.

Access to the basement via the use of keys, swipecards, codes, transponders etc is unacceptable to Council.

Ray Creer

Waste Services Officer

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Waste Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

Waste and Recycling Requirements

Details demonstrating compliance with Northern Beaches Waste Management Guidelines, are to be submitted to and approved by the Certifying Authority prior to the issue of any Construction Certificate.

Note: If the proposal, when compliant with the Northern Beaches Waste Management Guidelines, causes inconsistencies with other parts of the approval i.e. architectural or landscaped plans, a modification(s) to the development may be required.

Reason: To ensure adequate and appropriate waste and recycling facilities are provided.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Waste/Recycling Requirements (Waste Plan Submitted)

During demolition and/or construction the proposal/works shall be generally consistent with the submitted Waste Management Plan titled dated [INSERT].

Reason: To ensure waste is minimised and adequate and appropriate waste and recycling facilities are provided.

Waste/Recycling Requirements (Materials)

During demolition and/or construction the following materials are to be separated for recycling: timber, bricks, tiles, plasterboard, metal, concrete, and evidence of disposal for recycling is to be retained on site.

Reason: To ensure waste is minimised and recovered for recycling where possible.

**CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE
OCCUPATION CERTIFICATE****Garbage and Recycling Facilities**

All internal walls of the waste rooms shall be rendered to a smooth surface, coved at the floor/wall intersection, graded and appropriately drained to the sewer with a tap in close proximity to facilitate cleaning.

Waste room floors shall be graded and drained to an approved Sydney Water drainage system.

Waste rooms shall be clear of any other services or utilities infrastructure such as gas, electricity air-conditioning, plumbing, piping ducting or equipment.

Reason: To prevent pollution of the environment, provide a safe workplace for contractors and residents and to protect the amenity of the area.

Waste and Recycling Facilities Certificate of Compliance

The proposal shall be constructed in accordance with the Northern Beaches Waste Management Guidelines.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

Reason: To ensure waste and recycling facilities are provided.

Waste/Recycling Compliance Documentation

Evidence of disposal for recycling from the construction/demolition works shall be submitted to the Certifying Authority prior to the issue of any interim / final Occupation Certificate.

Reason: To ensure waste is minimised and recycled.

Positive Covenant for Council and Contractor Indemnity

A positive covenant shall be created on the title of the land prior to the issue of an Interim/Final Occupation Certificate requiring the proprietor of the land to provide access to the waste storage facilities. The terms of the positive covenant are to be prepared to Council's requirements, (Appendix E of the Waste Management Guidelines), at the applicant's expense and endorsed by Council prior to lodgement with NSW Land Registry Services. Northern Beaches Council shall be nominated as the party to release, vary or modify such covenant.

Reason: To ensure ongoing access for servicing of waste facilities.

Authorisation of Legal Documentation Required for Waste Services

The original completed request form (NSW Land Registry Services form 13PC) must be submitted to Council for authorisation prior to the issue of the Interim/Final Occupation Certificate. A copy of the work-as-executed plan (details overdrawn on a copy of the approved plan) must be included with the above submission. Where required by Council or the Certifying Authority, a Compliance Certificate shall also be provided in the submission to Council.

If Council is to issue the Compliance Certificate for these works, the fee is to be in accordance with Council's Fees and Charges.

Reason: To create encumbrances on the land.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

Commercial Waste and Recycling Storage

Commercial waste and recycling material/storage bins must be stored in a separate area to the residential waste and recycling material/storage bins as shown on the approved plans.

Reason: To ensure that commercial waste and residential waste is not mixed and is properly managed.
