RE: PEX2018/0007 - 1 / 0 Kirkwood Street NORTH BALGOWLAH NSW 2093

I support the proposed rezoning of the 3 lots from residential (R2) to public recreation (RE1).
Reasons include:

1. The land has an important function in protecting the natural environment of Manly Dam Catchment and providing for recreation.
2. The land is within the boundary of the Manly Warringah War Memorial State Park and the RE1 zone (for public recreation) is consistent with adjoining areas in the Park.
3. The rezoning proposal would correct an anomaly in WLEP2011 and ensure that the future land use is consistent with the protection of the Manly Warringah War Memorial Park.
