

Natural Environment Referral Response - Biodiversity

Application Number:	DA2025/0573
Proposed Development:	Demolition works and construction of a residential flat building
Date:	23/06/2025
Responsible Officer	Maxwell Duncan
Land to be developed (Address):	Lot 13 DP 226681 , 4 Kunari Place MONA VALE NSW 2103 Lot 2 DP 222636 , 96 Park Street MONA VALE NSW 2103 Lot 42 DP 11108 , 94 Park Street MONA VALE NSW 2103

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The comments in this referral relate to the following applicable controls and provisions:

- Pittwater DCP – Clause B4.3 Flora and Fauna Habitat Enhancement Category 2 land

According to the prepared Arborist Report (Selena Hannan Landscape Design, May 2025) one locally native tree (Tree 4, *Eucalyptus pilularis*) will be removed. It is therefore a condition of approval that this tree be replaced with a native canopy tree consistent with the species listed in the relevant section of the Native Planting Guide available on Council's website.

In accordance with the Arborist Report, the Tree Protection Plan will be implemented and retained trees will be subject to minimal encroachment.

No objections in relation to biodiversity, subject to conditions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

No Clearing of Vegetation

Unless otherwise exempt, no vegetation is to be cleared prior to issue of a Construction Certificate.

Details demonstrating compliance are to be submitted to the Certifier prior to issue of Construction Certificate.

Reason: To protect native vegetation.

Amendment of Landscape Plans

The submitted Landscape Plan is to be amended in accordance with the following:

- Any new landscaping is to incorporate a minimum 60% locally native vegetation species as a proportion of the total number of plants. Locally native species are to be consistent with the relevant section of the Native Planting Guide available on Council's website.
- At least 1 locally native canopy tree is to be planted on the site to replace the protected tree approved for removal in accordance with Pittwater DCP Clause B4.3. Species are to have a minimum mature height of 8.5m and be consistent with the Native Planting Guide available on Council's website.

Tree plantings are to be retained for the life of the development and/or for their safe natural life. Trees that die or are removed must be replaced with another locally native canopy tree.

The Landscape Plan is to be amended by a qualified landscape architect and provided to the Certifier prior to issue of the Construction Certificate.

Reason: To maintain and replace habitat on the site.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Wildlife Protection

If construction activity associated with this development results in injury or displacement of a native mammal, bird, reptile or amphibian, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed during the construction works, except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.

Priority Weed Removal and Management

All Priority weeds (as specified in the Northern Beaches Local Weed Management Plan) within the development footprint are to be removed using an appropriate control method.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority weeds.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

Control of Domestic Dogs/Cats

Domestic dogs and cats are to be kept from entering wildlife habitat areas at all times.

Dogs and cats are to be kept in an enclosed area and/or inside the dwelling, or on a leash such that they cannot enter areas of wildlife habitat, bushland or foreshore unrestrained, on the site or on surrounding properties or reserves.

Reason: To protect native wildlife and habitat.
