RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I strongly oppose this application. My grandchildren regularly play at the fields and parks in Curl Curl and I do not want them exposed to this. We also live in walking distance to the area and this is a huge concern as we will be exposed 24/7. The tower will impact our families future health and I am not happy about this at all. Thousands of children use John Fisher park for recreation every week. This will impact there lives as well.
I strongly oppose this application now and in the future.
