RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

Application Number: DA2020/0393 - I urge Council to approve this project as this development will certainly enhance the local area with diversity of housing accommodation and services. The commercial/retail shops will bring in medical clinic and other medical service providers and as well as other health and wellness providers. I encourage Council to make a favourable determination as this development will create many jobs for the local community and the state and ongoing essential services for the local community. Thank you for the opportunity to make this submission.
