**RE: DA2020/0060 - 3 Birdwood Avenue COLLAROY NSW 2097**

I believe that the proposed front boundary fence and gate is entirely out of character with all other properties in Birdwood Avenue. In my view the proposed fence and gate creates the appearance of a security compound rather than a friendly residential front yard as are all other properties in Birdwood Avenue. I believe the proposed fence is too high, made from materials that are totally out of character in the street and is bland and ugly. The gate is in a position that will likely adversely impact the neighbouring property in a number of ways and there appears no reason why it could not be located in the centre rather than on one side.
