**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

As a local property owner, I am writing to oppose this application. The proposed tower presents an unacceptable health risk to children using the fields and attending the local primary school nearby (CCNPS) and the nearby neighbouring residents. Thousands of peer-reviewed scientific studies show adverse effects on the body from exposures that comply with international standards with children being even more susceptible. In addition, the lagoon edge has just been rehabilitated partly funded by a grant from the Environmental Trust. The proposed installation of a 25.7m high monopole along with a raised platform and solid metal enclosure doesn't fit within this landscape. Optus customers in the area have reported there isn't an issue with phone reception in the area so the tower is not necessary.

Regards  
Bernadette Holland
