**Subject: DA 2019/0845 \$& 68a Queenscliff Road Queenscliff 2096**

The proposal should include more parking spaces, there isn't enough street parking now. The owner doesn't live in the area and won't experience the problem most residents do when trying to find a park. From Pavilion street down Queenscliff Road and into Greycliffe street parking is at a premium.

In this area the revenue from resident rate payers would amount to over \$200,000 per year and all we get for it is our bins emptied. I suggest that you send who ever makes these decisions they inspect the area and property and make an informed decision.

Queenscliff 29096

I also suggest that lines be placed on the road to maximise parking spaces.
