RE: REV2021/0045 - 5 Skyline Place FRENCHS FOREST NSW 2086

I am lodging my Objection to further development at 5 Skyline Place.
I am a local resident who has been greatly impacted by this current development. The noise ,dirt, increased traffic ,trucks and increased cars parking in surrounding streets have been terrible. I have already been subjected to all the building works since 2015 with the construction of the Northern Beaches Hospital. We have limited parking already - no increased green areas - will suffer over population and decreased real estate values for our properties.
@Why is stage 2 behind advertised when it has not been approved by Council ?
Please note my strong objection to further development at 5 Skyline Place
Thankyou
Ewa Gross
