**RE: DA2022/0662 - 1 / 63 - 67 The Corso MANLY NSW 2095**

This application is in effect another "pub" on the Corso, with extended trading hours, that will only exacerbate the problems at night with alcohol affected patrons. Council should be encouraging better retail offerings on the Corso, that will activate the area during the daytime. This may be a permitted use under the planning code but would be opposed by the majority of residents, and businesses, as furthering the perception of Manly as only a late night venue.
