RE: DA2021/1541 - 20 Albert Street FRESHWATER NSW 2096

I would like to express my support for the conversion of this site into a restaurant, and feel it would be a valuable addition to the business offering in Freshwater village. I have lived and worked in Freshwater for over 10 years, and the culture of Freshie is certainly due for a resurgence after so many empty shop fronts. Alma is the ideal restaurant for the people of Freshie, its laid back yet up-market vibe is the perfect addition to the current food offering in the village, and as a business with already one successful location in Avalon, there should be no doubt as to the quality Alma can bring to a small village community.
