Officer comments

Council's Biodiversity referrals team have assessed the Development Application for compliance against the following applicable biodiversity related provisions:

- Warringah DCP cl. E2 Prescribed Vegetation
- Warringah DCP cl. E6 Retaining Unique Environmental Features
- Coastal Management SEPP 2018 cl. 13 Development on land within the coastal environment area

The Development Application seeks consent for alterations and additions to a dwelling house including a carport.

The application does not require the removal of prescribed trees or vegetation, nor is it likely to impact on nearby biodiversity values. Subject to conditions the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
