RE: DA2020/1758 - 11 Lewis Street BALGOWLAH HEIGHTS NSW 2093

As a local resident and parent at BHPS, we strongly object to this development application DA2020/1758.

Lewis St is already a busy hub for children arriving and leaving the school by car, bicycle and on foot. Further congesting the area will place the children at greater risk. It would also bring further traffic and congestion to Lewis St and the surrounding streets which are already choking during peak times.

Kind regards,

James & Chloe Iliffe
