RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

Dear Ms Ryan,

I am writing to you to advise you that I fully support the DA relating to the relocation of the food markets to the Pittwaater RSL.

I think that the markets will fully invigorate the RSL and make use of a space which is often wasted on a Sunday morning. These markets will bring a much needed event to the area and will really get the communtiy togheter which will provide much needed social outcomes.

I would also consider including in your conditions of consent a requirement to provide additional bicycle parking due to the location being well serviced by a shared path network. I would also encourage the use of the 185 bus service which stops directly outside of the venue.

You need to be mindful of parking and traffic concerns but I am sure these can be worked out to minimise impact to the local area.

Thanks, Michelle
