Hi,

This is such a fantastic opportunity to be able to add more courts to the area. This is badly needed as we are up to 1,000 members on the Northern Beaches and still growing.

When you want to play tennis you just go online and book for anytime you like. If you want to play pickleball it is like buying tickets to a Taylor Swift concert! You have to set your reminder and go on the second they open for booking to get in, five minutes later you've missed out! We desperately need more courts.

This would also be a great win for Pittwater to be able to potentially have so many more members to support its RSL.
