**RE: DA2020/0543 - 50 Lawrence Street FRESHWATER NSW 2096**

re-DA 2020/0543  
50 Lawrence St.,  
Freshwater 2096

Dear Phil,

This proposed development is totally ludicrous. I cannot believe it is even being considered. As if there isn't enough construction going on in what appears to be a ghost town. Freshwater used to be a lovely village. Now there is very limited parking, shops are derelict, we haven't had a supermarket for over two years, nor have we got a greengrocer. I think council should focus on these needs of the community, not destroying the area.

I always thought council was for the people and to listen to their concerns. If this further development goes ahead it just proves that this is not the case.

Yours sincerely,  
Geoff & Lynn Lowe
