**RE: DA2020/1489 - 8 Forest Road WARRIEWOOD NSW 2102**

Please advise of where the access will be as "Warriewood Grove" Residents own and pay insurance on the bridge and have done so for many years, the access for this new development is "8 Forest Road Warriewood" not Jubilee so why is the access to this new development on Jubilee/Bert Close.

I strongly object to our access road being used for this development, as it stands we can not even get out of our street at 5.00pm due to industrial area traffic, with this development feeding another 160 cars approx, how is this going to be manageable?

What if there is a medical emergency or a bush fire????

Please use your common sense and enforce the access to this development from the development address "8 Forest Road".
