Subject: DA 2019/1260 - 27/29 North Avalon Road

Re DA 2019/1260 - 27/29 North Avalon Road.

To whom it may concern,

We strongly oppose this application on the grounds of overdevelopment of the area and the removal of trees.

We have read the submissions and the objections to this proposal and agree with the concerns that have been raised. We do not need nor want this type of development as is very clear from concerned residents.

We would urge council to reject this application and require the developer to offer a revised plan that is more in keeping with the area and that does not sacrifice trees.

Thank you.
